Established in 1979, Arcadia has been serving the interior design community through well-crafted product, manufacturing expertise and a focus on providing value beyond furniture. By maintaining both a service-oriented perspective and an easy-to-do-business-with mindset, we have become a leading supplier of seating and table options for contract furniture markets that include corporate offices, educational institutions, healthcare, hospitality, government facilities and more.

The following represents all relevant ordering procedures, conditions of sale and shipping information that will allow you, the customer, an easy path to receiving the quality product that you order. Additionally, our client services staff and Sales Representatives are available to assist with any questions you may have.

PRICING:

All prices reflect standard products only. We reserve the right to modify prices without prior notification.

A line of credit may be established upon acceptance of satisfactory references, including the completion and signing of our Credit Application Form. Custom furniture specifications may require the remittance of a deposit, for both new and existing customers with an established credit approved account.

ORDER ACKNOWLEDGEMENT:

An order acknowledgement will be made for each order and indicates final production specifications. Customers should review our acknowledgement, notwithstanding any variance in terms and conditions set forth on the customer's order form.

Orders will not be acknowledged or entered for production until all specification information is complete. Upon final acceptance of the order by the factory, orders will be scheduled for production. **Please be advised that receipt of any COM/COL or custom finish approval must arrive a minimum of 15 working days prior to the scheduled shipment date or the actual ship date may be extended by approximately 5-10 working days.** Contact client services for exact shipping lead times.

TERMS + CONDITIONS // GENERAL INFORMATION

CLAIMS:

Do not refuse merchandise damaged in transit. All shipments are picked up by the transportation company in good condition. Arcadia's liability ceases at that time. If shipment arrives damaged or short, you should first inspect all cartons/crates immediately and note any visible damage or shortages on the delivery receipt.

PRODUCT WARRANTY:

Arcadia provides a lifetime warranty for all seating and table products to be free from defects in material and workmanship on structural frame components. All other materials fall under the applicable warranty periods listed in the table below. Customer's Own Materials (COM/ COL) are not included in this warranty. Please consult with upholstery material suppliers for performance criteria of individual selections.

10-YEAR WARRANTY	Foam Exposed Wood Components Tables Tablets
4-YEAR WARRANTY	Casters
2-YEAR WARRANTY	Stool Footrings
1-YEAR WARRANTY (or the extent the manufacturer will warrant further, whichever is lesser)	Fabrics (excluding COM) Electrical/Data Units

This warranty does not include damages from normal wear and tear. Normal wear and tear is defined as single shift service (eight (8) hours per day), five (5) days per week. Arcadia assumes no responsibility for repairs to products sustaining damages resulting from user modification, attachments to a product, misuse, abuse, alteration or negligent use of the product.

The warranty provisions set forth above are expressly in lieu of all other warranties, express, statutory or implied in fact or by law, and all remedies against. There are no implied warranties of merchantability or fitness for a particular purpose made by Arcadia in connection with the sale or use of any such article of furniture.

If a defect in material or workmanship has occurred, Arcadia reserves the right to determine if the problem has occurred under normal use. The defective product will be repaired or replaced at the option of Arcadia, free of charge to the customer. Field labor and service(s) are not covered under this warranty.

Warranty claims should be submitted, in writing, with a detailed explanation of the occurrence to our client services department.

LIMITATION ON LIABILITY: IN NO EVENT SHALL ARCADIA BE LIABLE TO THE PURCHASER FOR ANY INCIDENTAL, INDIRECT, CONSEQUENTIAL, SPECIAL, OR EXEMPLARY DAMAGES OR LOST PROFITS, EVEN IF ARCADIA HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

Some states do not allow the exclusion or limitation of incidental or consequential damages, hence the above restrictions or exclusions may not apply. This warranty provides you with specific legal rights and you may also have other rights that vary from state to state.

WAREHOUSE AND STORAGE:

Due to limited storage space, orders will be shipped when completed. If storage is required, a fee of 3% of the order value will be applied per month, pending availability of space. Additionally, the order will be invoiced and payment due in accordance with the terms of the acknowledgement. Orders for which payment has not been received, the merchandise may be shipped to storage facilities at the customer's expense.

PRODUCT DESIGN:

We reserve the right to alter our product design for the purpose of construction improvement, without notification. Weights and measurements are approximate and subject to change without notice.

TERMS + CONDITIONS // CUSTOMER'S OWN MATERIAL

GENERAL INFORMATION:

COM's should be shipped prepaid to:

Arcadia
Attn: COM Department
6892 Marlin Circle
La Palma, CA 90623

All packages should be marked with customer's name, customer's order number and items to be covered. Collect shipments of COM/COL fabrics will not be accepted. Please furnish a sample cutting of COM or COL with the original purchase order so that identification of COM/COL can be verified. In the absence of specific written instructions accompanying the order, fabrics will be cut, seamed and applied at our discretion and at the customer's risk. An additional fee may be assessed for COM or COM materials that are deemed atypical should additional labor be required to cut, sew and/or match said materials.

While we inspect fabrics for mill imperfections, some are difficult to recognize. As such, we cannot be responsible for defects, color inaccuracies, dye lot variations and other flaws and suggest that our customers inspect fabrics before furnishing them. Under no circumstances will we assume responsibility for COM/COL shortages, flaws or other such problems. While we make a concerted effort to control COM/COL fabrics, it is not our responsibility to police the receipt of COM/COL's in order to meet delivery deadlines and we assume that customers are aware of any undue delay in the delivery of their COM/COL fabrics.

FABRIC APPLICATION:

COM fabric is cut "up the roll" as a standard cutting procedure (see chart below). Customer must specify that the fabric be cut in another direction (i.e. "railroad"). We reserve the right to railroad fabric whenever possible to avoid seams in large upholstered areas and/or single cushion units.

It is imperative that all COM fabrics sent to us are "backed" with, at a minimum, an acrylic or similar backing. We cannot be responsible for stretching of fabrics which are not "backed" subsequent to the upholstery process. Additionally, we cannot be held responsible for the appearance, behavior, quality or performance of any COM as well as COM's that are rolled reversed by the fabric supplier.

The application of patterned fabrics on curved seating units will be stitched to match pattern requirements. Geometric, linear and striped fabrics will be stitched together to provide the best match, however, a "V" pattern may be the result which is not considered to be a flaw. Additionally, due to varied stretch properties among fabrics, slight wrinkling or puddling may occur. Contact our client services department for any concerns regarding upholstery selections.

YARDAGE REQUIREMENTS:

COM yardage requirements shown in this Price List are based on using fabric which is plain (i.e. non-directional) and a full 54" wide. Fabrics that involve matching repeats and/or are of narrower widths will require additional yardage. Use the chart below to determine the necessary additional yardage for fabrics with repeats:

If you are using a printed or striped fabric with a repeat, use this table:

FABRIC REPEAT	INCREASE COM REQUIREMENT BY:
4.75" and under	0%
5" - 10.75"	12%
11" - 15.75"	18%
16" - 20.75"	25%
21" and over	40%

For upholstery fabrics that are less than 54" wide, please contact client services for additional yardage(s) requirements. Specific models and quantities will determine final yardage amounts.

TERMS + CONDITIONS // CUSTOMER'S OWN MATERIAL, CONTINUED

YARDAGE REQUIREMENTS, CONTINUED:

Yardage requirements may also be less than indicated on large quantity orders. Contact client services with specific models and quantities for exact yardage required.

Leftover COM (to include COV and COL) material of 10 yards or less will be disposed of unless noted on the purchase order to return. Shipping of leftover COM will be at the customer's expense.

CUSTOMER'S OWN LEATHER (COL):

Customer's leather must meet our standard of no more than three defects per hide. We use a conversion factor of 20 square feet per yard, unless otherwise noted herein, to determine the usable square footage for side chairs. COL requirements on lounge pieces are noted within each lounge series. COL is priced as Grade 3.

ARCADIA VINYL/POLYURETHANE:

Arcadia offers selected vinyl/polyurethane upholstery options in addition to accepting Customer's Own Vinyl (COV). To determine grade-in pricing for vinyls/polyurethanes not included in Arcadia's standard program, please contact client services for assistance. Customer's Own Vinyl (COV) is priced out as COM.

Due to the inherent stretch properties of 100% polyurethane, puddling or sagging is more likely to occur on the majority of these fabrics. For high traffic areas, alternate upholstery is recommended.

UPHOLSTERY COMBINATIONS:

For fabric, vinyl or leather upholstery combinations, pricing will be based on the following*:

- » When combining **two** COM/COV/COL fabrics, or fabrics with the same grade, add \$105 List per unit.
- » When combining **three or more** COM/COV/COL fabrics, or fabrics with the same grade, add \$135 List per unit.
- » When combining different grades of fabric, price will be based on the highest grade specified.

*Excludes the Co-op series and TOOtheLOUNGE booth models. Please refer to individual price lists for applicable upcharge amounts.

MOISTURE BARRIER:

Arcadia offers an optional moisture barrier to seats only on all seating products. Please specify appropriate option code next to chair model number and add the following (per unit).

Option Code	Description	List
MB01	Guest Chairs	\$63
MB02	Bariatric Chairs, Lounge Seating, Ottomans and Single-Seat Benches	\$121
MB03	Love Seats and Two-Seat Benches	\$184
MB04	Three-Seat Benches	\$215
MB05	Sofas	\$272

For products not listed above, please contact client services for assistance.

FIRE RESISTANCE:

Due to the vast choice of fabrics with varying degrees of flame retardancy, we suggest you consult the published technical data of the fabric supplier. Fabrics, vinyl and/or leathers offered by Arcadia meet, as a minimum, California Technical Bulletin #117-2013. Although this Bulletin relates to fabrics as well as resilient filling materials (i.e. foam and dacron), all Arcadia products conform to this standard. Consult the individual Arcadia fabric cards to review fabric specifications that are inherent in each fabric offered. Arcadia assumes no responsibility for the flame retardancy of any COM.

Arcadia uses the following wood species within our product lines: maple, beech, white oak, walnut and ash. Please note that all models within this price list are not manufactured in all species of wood. Refer to individual models to determine wood species that are available. For Super Matte Sable and Alabaster premium wood finishes, additional upcharge applies. Refer to corresponding price list pages for pricing.

Arcadia's standard wood finishes encompass a seven-step finishing process culminating with a durable conversion varnish top coat. This process results in a semi-filled, open-pore finish on all products. Full-filled finishes are available at an upcharge which can vary from 15-20%. Full-filled finishes simply fill in the open pores within the wood itself. In some cases, there may appear to be rubbing or fine abrasion lines in this finish. This is characteristic of the required method of rubbing, not an indication of an inferior finish, and can usually be mitigated by rewaxing the furniture.

As part of our finishing process, we best match the standard finish or a customer's custom finish on the appropriate wood species in which the product is manufactured.

CUSTOM FINISHES:

Custom wood finishes are available on our standard veneers and hardwoods. To match a custom finish, please submit a 2" x 3" (minimum size) sample for approval. A factory strike-off will be generated and sent to our customers for final approval. **We must receive the customer approved strike-off at the factory at least 15 working days prior to the scheduled ship date, otherwise the ship date may be delayed by 5-10 working days.**

For custom wood finishing, please add one-time upcharge of \$472 List per color per order for all products.

For custom paint finishes, please contact client services for approvals and pricing. Please note that longer lead-times may apply.

FINISH MAINTENANCE:

As with all fine finishes, care should be taken to protect the finish from sharp, unprotected objects. The top coat has a natural characteristic to repel the most common liquids used around wood components, yet spills or soil marks should be cleaned up immediately to avoid moisture seeping into open-pore areas. Please note that constant polishing and cleaning of the finish may raise the sheen level, whereas neglect in cleaning will dull and possibly abrade the finish.

In accordance with our ongoing efforts to develop and manufacture products that positively contribute to healthy environments, Arcadia has completed testing for Indoor Air Quality certification across several product categories achieving SCS Indoor Advantage Gold (highest certification available for Indoor Air Quality) for the majority of seating models and select tables. With SCS Indoor Advantage Gold certification, we not only meet the criteria of BIFMA M-7.1 and X-7.1 (low-emitting office furniture systems and seating) but also the LEED-Commercial Interiors EQ 4.5 credit for Indoor Air Quality of office furniture.
