

The natural offshoot of its parent, the Leaf collection, Leaflettes provides corresponding pint size parameters for the children's lounge environment. By sharing the same design elements—only in a smaller scale—every component works in perfect harmony with one another. Be it seating for kids only, or with adults on-hand to supervise, Leaflettes provides fun, flexible and crafty scenarios for all creatures great and small.

PRODUCT SPECIFICATIONS

Children's lounge units feature leaf-inspired shape to enable seated comfort in any direction. Benches offered in three shapes and can be configured with lounge chairs, tables and other benches. Buds benches feature plinth base and are available individually in four shapes for stand-alone requirements or joined together in modular combinations with other Bud units.

Connecting table available in five sizes to create straight or curved configurations. Offered in Maple, Walnut or White Oak veneer as well as laminate and Corian® selections. All standard and custom finishes available. Corian® offered in eight standard colors. Tables join together with all Leafette lounge and bench models as well as their adult counterparts.

All models, excluding Buds benches, feature four wood or metal legs as standard. Metal legs available in Polished Aluminum as well as Metallic Silver, Metallic Champagne and Graphite powdercoat finishes. Lounge, bench and table models join together as is or for more permanent connections, a ganging leg option is also offered. Corresponding Leaf Modular collection available.
