- Accessories include wall peg for hanging and dolly.
- Manufactured in HDPE, the wall peg supports a single chair and is available in off-white only .
- Starting list price: $1,048

INSIGHTS

Crafted from a durable, non-porous material selected for its strength, hygiene and low-maintenance qualities, Stash Eco is the dependable solution for demanding healthcare and high-traffic environments. As an extension of its wood frame counterpart, it offers the same convenient folding, stacking and wall-hanging capabilities along with a fully upholstered seat for easy cleaning. Moisture resistant and built to last, it supports infection control while delivering lasting performance with a mindful approach to sustainability.
